MEMORANDUM FOR THE RECORD

8 January 1957

SUBJECT: Expansion of Records Center.

STATINTL

1. On 7 January 1957 [REDACTED] of the Real Estate Construction Division called me to inquire whether funds had been approved for the construction of the Agency Records Center. I informed him that a project review outline had been forwarded to the DD/S and we were awaiting his decision on a proposal made to him by the acting Comptroller on the 15 of October 1956 as to what method he would select for the financing of the construction of the Records Center. These alternative proposals are outlined in the acting Comptrollers Memorandum attached.

STATINTL

2. Subsequently, the inquiry with [REDACTED], the Office of the DD/S, indicated that he would discuss this matter with Colonel White today and advise us later on his decision. I transmitted this information to [REDACTED] and suggested that if he needed further information with respect to funds for the construction of the building that someone from Logistics Office contact the Office of DD/S directly.
